Construction

Monolithic polyester boat, built by Jeanneau, type Sun Kiss 45 in 1986.
The SUN KISS is a yacht renowned for its comfort and performance. It is spacious and offers plenty of functional storage space.
Very well equipped, she works just as well upwind with the genoa or staysail as she does downwind with her Code D or SPI. The extended boom increases the mainsail area. Thanks to its 75 hp turbo engine, it's easy to handle, even without a bow thruster, and tack quickly.
Equipped for optimum on-board comfort (solar panels, generator, watermaker, reversible air conditioning, fans, 220v network, etc.), it will enable you to travel pleasantly over long distances and make the most of your anchorages.

Engine

Inboard 75 HP Volvo Penta D2-75 (2005, 1755h)
Fuel consumption: 18l/h at full throttle
Maintenance: Complete overhaul in 2020, including replacement of timing cover for corrosion, replacement of injectors at 1500 hrs, replacement of exhaust elbow for stainless steel installation and replacement of undersized exhaust pipe.
2022: Complete overhaul of the engine frame with replacement of the engine mounts, hydrolube ring and realignment of the propeller shaft.
