- 2 aft double cabins, lockers
- Toilet, washbasin, lockers
- Saloon with folding table, ecru skaï seats (2015, very good condition)
- Galley with lockers, drawers

Building and history

Construction began in Germany and was completed in Holland. Built between 2002 and 2006 and designed by the architect Ulrich Heinemann. First launch in 2006.
This yacht was designed for speed and performance. It crossed two oceans without any damage or particular problems, driven by a couple in their sixties.
The teak deck was replaced in 2018 with laminated fibre and non-slip paint.
The second and current owner bought the boat in 2019 and has invested €60,000 in restoring it: painting the dead parts, coppercoat. Replacement of hull plating and portholes. New electric windlass. New anchor locker. Roof redone in teak with automatic dorade ventilation system.
The owner is selling his boat as all his family have gone back to Germany and he is leaving Polynesia.

Engine

Inboard VOLVO PENTA 2003T 45HP, sail drive
KIWI PROP flaring propeller + VOLVO duckbill propeller
Diesel tank: 120L

Rigging

Aluminium mast (Sneek, Holland)
Forestay replaced in 2019, lower shrouds and runners in 2022

Main strengths

Beautiful yacht, all mahogany, in very good condition. Well equipped and regularly maintained. The beauty of this yacht, combined with its performance and functionality, make it unique. It combines the classicism of mahogany with the modern lines of the hull and superstructure. A unique yacht, an opportunity not to be missed!

ATTENTION :

The boat's inventories are based on the indications given by the owners and even if we do our best to see that they are in accordance with the reality, there might be some differences. The boat's and equipment's condition has to be checked jointly by the buyer and seller before the sale.
The respective responsibilities of both the seller and the buyer remain intact. In no case can Raiatea-yacht be held responsible for any defect on the boat.
